## Summary

Motivated Frontend Developer with skills in HTML, CSS, and JavaScript. I am passionate about creating responsive and visually appealing web applications. I also have a background in AI/ML models and Python for data-driven development.

## Education

### SRKR Engineering College

April 2026

- Bachelor of Technology in Artificial Intelligence and Data Science
- Currently pursuing with a CGPA of 8.02

### A.A.N.M and V.V.R.S.R Polytechnic College

July 2020 – March 2023

- Diploma in Computer Engineering
- Pursuing with a CGPA of 9.11

## Experience

### Trainee Team Member , DBase Solutions -Eluru

January 2023 – June 2023

- Successfully finished 5-month internship focused on data management by using SQL and IT operations.

### ChatGPT/Generative AI Intern, Blackbucks – virtual

June 2024 – July 2024

- Developed a personalized movie recommendation system using ml in Python by analyzing genres, keywords, and user preferences.

### Artificial Intelligence & Machine Learning, Edunet Foundation(AICTE) – virtual

June 2025 – July 2025

- Developed an ML model to analyze and predict the time taken for food delivery using a dataset.

## Projects

### Food Delivery Time Prediction

[link](#)

- Developed an ML model to analyze and predict the time taken for food delivery using a dataset.
- Python, linear regression.

### Travel Ticket webpage

[link](#)

- Built a ticket management system that includes booking history, QR integration, and downloadable ticket features .
- HTML, CSS, and JavaScript.

### QR Code Generator

[link](#)

- Built a web app that generates and downloads QR codes from text, URLs, or files. Features a modern UI with animations and responsive design.
- HTML, CSS, and JavaScript.

## Certifications & Achievements

- Visualizing Data with Python - IBM-certified in Visualizing Data with Python [link](#)
- Python 101 for Data Science - IBM-certified in Python 101 for Data Science (Cognitive Class). [link](#)
- Website Development Tutorial - Certified in Website Development by Infosys Springboard. [link](#)
- Google AI & ML certification - Certified in AI & Machine Learning by Google. [link](#)
- ChatGPT and Generative AI - Completed 8-week internship with Blackbuck Engineers & APSCHE. [link](#)
- IBM AI Fundamentals - Artificial Intelligence Fundamentals Certified – IBM SkillsBuild (2025) [link](#)
- TCS National Qualifier Test [link](#)

## Technologies

- Python, C, Java, HTML, CSS, JavaScript, SQL, DBMS, MS Office, Artificial Intelligence, Machine Learning, Web Design, Type Speed.
